Mill Street & Co. Completes Acquisition of Parliament Building Supplies

Toronto, November 11, 2016 – Mill Street & Co. ("Mill Street"), is proud to announce the acquisition of Parliament Building Supplies ("Parliament"). Strategically located in downtown Toronto, Parliament has become a mission critical supplier of lumber and building supplies to Toronto's residential, commercial and industrial builders, contractors, and homeowners. As the only lumber and building supplies company located in downtown Toronto, Parliament is also a key partner to the city's flourishing film and television production sector.

Parliament will join Speed Fastening Systems and Uxport Tools to become part of Mill Street's Fastway Group of companies. Parliament will expand the group's product offering and provide a key strategic location for serving the on-demand requirements of the city's construction companies and trades.

"With its strategic location and leadership in lumber distribution, Parliament will prove to be a strong compliment to enhancing the breadth of service and product that Fastway, as a group, is now able to deliver," says Geoff Reed, President of the Fastway Group. "The company and its staff have done an exceptional job of developing strong relationships with the region's contractors, trades, film and television companies, and we are committed to maintaining and enhancing those relationships through our unique approach to customer service and providing unlimited access to over 70,000 products."

According to Mill Street President, Noah Murad, "Parliament will join our existing building supplies businesses and we are excited to be empowering Fastway's performance and growth, while delivering sustainable long-term returns for Mill Street and its partners."

About Mill Street & Co.
